Technology Center 2100

Dear Sir:

Pursuant to 37 CFR 1.56, 1.97 and 1.98, the attention of the Patent and Trademark Office is hereby directed to the references listed on the attached PTO/SB/08. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

This Information Disclosure Statement is filed more than three months after the U.S. filing date, OR more than three months after the date of entry of the national stage of a PCT application, AND after the mailing date of the first Office Action on the merits, whichever occurs first, but before the mailing date of a Final Office Action or Notice of Allowance (37 CFR 1.97(c)).

A copy of each reference on the PTO/SB/08 is attached.

Applicant calls the cited references to the attention of the examiner as having been cited in previously co pending, now abandoned US patent application Serial No. 10/076,216. US 4,375,290 is understood to disclose a mechanism for air-sealing engagement between a circuit board and the chassis in which it is received. See Element 70 of Figure 7 and the accompanying text, e.g., beginning at column 4, line 67. US 4,795,354 is understood to disclose a dust cover

02/26/2004 BSAYASI11 00000107 10076226

01 FC:1806

180.00 0P

for a zero-force (ZF) connector employing an elastomeric sealing material. See elements 36, 68 of Figure 1 and the accompanying text, e.g., column 2, lines 23, et seq.

Though the Examiner is understood already to be aware of this, his attention is directed to commonly assigned patent applications (and patents) 10/076,125 (now, patent 6,683,787), 10/076,032 (now, patent 6,697,255), 10/076,207, 10/076,133 (now, patent 6,661,657), 10/076,123 (now, patent 6,690,575), 10/076,124, and 10/076,216, all of which are directed to inventions supported by a common disclosure herewith.

In accordance with 37 CFR 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR 1.56(a) exists. In accordance with 37 CFR 1.97(h), the filing of this Information Disclosure statement shall not be construed to be an admission that any patent, publication or other information referred to therein is "prior art" for this invention unless specifically designated as such.

It is submitted that the Information Disclosure Statement is in compliance with 37 CFR 1.98 and the Examiner is respectfully requested to consider the listed references.

Our check in the amount of \$180.00 covering the fee set forth in 37 CFR 1.17(p) is enclosed. The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 141449, under Order No. 102323-0085. A duplicate copy of this paper is enclosed.

Dated: 2/19/04

Respectfully submitted,

By

David J. Powsner
